RETURN TO WORKPLACE TENANT UPDATE

As guidelines surrounding COVID-19 protocols continue to evolve and change, your BentallGreenOak Property Management team is happy to keep you updated on your experience at the property.

On February 18, 2022, capacity limits on indoor dining were lifted. The food court is open with seating available at 100% capacity. Additionally, showing Proof of Vaccination is no longer required to dine-in at restaurants and the food court.

Effective March 21, 2022, the provincial mask mandate is lifted. Wearing masks will no longer be required in our common areas as of March 21st. Despite the mandate being lifted, BGO property management and maintenance staff, building security and janitorial personnel will continue to wear masks in tenant premises and common areas.

Elevators are now open at full capacity and directional COVID-19 signage in common areas and staircases are no longer in place.

The information contained in this bulletin, along with other relevant Return to Workplace Tenant Guidance can be found on our website at <https://scotiaplaza.com/covid-19.html>.

Please let us know if you have any questions or if you require further assistance.

Thank you,
